

2018 VP/Treasurer Report

Main focus was to complete and present the 2018 State budget for approval. I was introduced to the process and increased my understanding of the financials for the State Association. I will work to grow my knowledge in this area to fully contribute and be of service.

Goals for the year include learning about our State Association Investments, assisting as needed with our forms contracts, explore future accounting options, use my appointment to the NAR MLS Committee to help tap resources for the State & local boards, and engage with the Realtor Party.

I look forward to Legislative meetings in Cheyenne!

Respectfully submitted,

Lisa Moehrke
