

Report to Wyoming REALTORS® Board of Directors

June 2, 2020

From: Annette Wedgewood, Chairman – Professional Standards

- Ethics/ Professional Standards Training
 - NAR changed the requirements to every 3 years.
 - With COVID-19, NAR has implemented that no classes are to take place in person until June. The April class in Casper and the May Class in Cody have been rescheduled.
 - My training schedule has changed with the 2 classes being rescheduled so, Paul and I will be Co-teaching for 2 months longer than anticipated.
- Ombudsman program
 - A new tracking log has been created and seems to be working well
 - There have been 3 complaints since the meeting in February
 - I would like to increase the amount of Ombudsman and plan on doing this by reaching out and working with the AE's throughout the state.
